FOR IMMEDIATE RELEASE:

VCNB OPENS BRANCH IN JACKSON COUNTY

October 30, 2017, Jackson, Ohio – Vinton County National Banking (VCNB) is pleased to announce that it has opened a new office in Jackson. The Jackson County Banking Center is now open for business at 920 Veterans Drive in Jackson.

VCNB has operated a loan production office at this address since 2016. Bolstered by the enthusiastic support of customers who wished to have a more extensive relationship with VCNB, Bank President Ron Collins said the choice was clear. “We were seeing more and more customers from Jackson County who wanted to bank with us and we wanted to open an office that is convenient for them,” Collins said. “Our roots are in southern Ohio and we are very excited to be in Jackson.”

This office employs local bankers who know Jackson County and who will be excited to serve their neighbors and the entire community. The staff includes Branch Manager Josh Palmer, Dale Massie, Darrell Boggs, Fred Wright, Jordan Stepp, Kelly Halley and Laura Ellenberger.

Many Jackson Countians are familiar with VCNB and have done business with the bank which was founded in McArthur in 1867. The bank now operates seventeen offices, embracing the values and identity of each community where it does business. While the bank branches identify with different names, such as Jackson County Banking Center, all branches are part of the VCNB Financial Family and customers can do business anywhere they see the bank logo.

The new Jackson branch has a walk up ATM, night deposit access and courteous staff who can help with all their banking needs, including loans and deposit products. Customers can learn more and even open accounts online at VCNBfamily.com. The community is invited to stop by the bank to meet the staff and see the newly remodeled facility.
